

Every moment is a learning moment at Nature's Classroom Institute. We motivate students in ways they don't even realize they are learning.

Instead of looking out the window at nature ~ we teach there!

# Camp Young Judaea

Camp Young Judaea is conveniently located just 45 minutes South of Austin and 60 minutes North of San Antonio, Texas.

CYJ is nestled on 240 acres of natural rolling terrain with modern retreat center facilities.

Our goal is to incorporate the whole environment, teaching through the elements of the world around us.

Our classes are engaging through every step of the program and include your classroom curriculum to keep it relevant to your class goals.

# Nature's Classroom Institute at Camp Young Judaea

## Why NCI?

Nature's Classroom Institute is the very best in environmental education. We develop tomorrow's leaders through self-discovery, collaboration and a deep thirst for learning.

Our program encompasses team building, individual independence, experiential outdoor learning while including the current classroom curriculum of history, mathematics, art and writing.

NCI motivates the students to continually learn by teaching through creative and progressive methods.

We build a framework that leads to specific goals and objectives and then, guiding along the way, allow each student the freedom to choose their own path, based upon their natural motivations, curiosities and learning styles.

Explore your opportunity to follow the interests of your students and exceed standards with customized experiences.

## Why CYJ?
